Each round of the tournament will see a home-and-away series played between the two teams. The team with the most aggregate goals over the course of the two legs will advance to the next round (or win the tournament, in the case of the final). If aggregate scores are even in the round of 16, away goals will serve as the tiebreaker, otherwise the series will be decided on penalty kicks (no extratime). If aggregate scores are even in the final, away goals will not count – instead, two 15-minute periods of extratime will be played, followed by penalty kicks if the aggregate score is still tied.
